3. INFORMATION ABOUT YOU AND THE WORKS ON THE RECORDING

Yes No

Are you or any of your band members a member of AMCOS, and if so do you wish to obtain a licence back for any work you have written that is on the Recording? Please note that the royalty on works subject to a licence back will not be included in the AMCOS Royalty and must be paid direct to the copyright owner.

Yes No

Are any of the tracks contained on your Recording covers of other composers' works?

Yes No

Are any of the originally composed works contained on your Recording subject to a current publishing agreement(s)? You may need to check with any co-writers to confirm their publishing status or the publishing status of the originally composed works.

4. WORKS ON THE RECORDING (PLEASE ENTER ALL TEXT CLEARLY IN BLOCK CAPITALS)

- A You must list ALL musical works on this recording – even those you have written yourself and those you may think are out of copyright. Under section 55(1)(a) of the Copyright Act, you may only record another person’s musical works where they have been previously released on recordings in a country listed in Schedule 8 to the Copyright Regulations with the licence of the copyright owner. Where you intend to record and release a musical work that has not been previously released on record, you must have the copyright owner’s permission.
- B Any licence granted by AMCOS is only in respect of AMCOS Works, you are still required to obtain the permission of the copyright owner(s) of any other copyright musical works on the recording.
- C The COMPOSER is the person (or persons) who actually wrote the song (or musical work). It may not necessarily be the artist who originally performed it. If you only supply the name of the artist or band that originally performed the song, this can delay the processing of your application as AMCOS must cross-reference the song with the correct composer. Composer details are frequently available on the label or insert of an existing recording of the song.
- D An ARRANGER is a person who has adapted the song in an original way. For songs still in copyright that you have arranged, please only indicate the same of the original composer. For musical works that in the Public Domain or Traditional (i.e. out of copyright), the arranger may be the copyright owner of the arrangement. In these cases you should indicate the arranger’s name in a similar fashion to the following examples “BOTANY BAY” (Trad. Arr Peter Smith) or “Bolero” (Ravel, Arr Peter Smith).

6. Fee and royalties

- 6.1 AMCOS must calculate the Processing Fee in accordance with the Schedule.

- 6.2 AMCOS must calculate the AMCOS Royalty as the greater of the amount calculated in accordance with the following formulae:

- (a) retail selling price (**RSP**) of the Recording, subject to clause 6.7, exclusive of GST;

divided by the number of Works on the Recording;

multiplied by the royalty rate of 5.6%;

If the calculation of the per track royalty above, when taken to the third decimal place of a cent still leaves part of the royalty remaining then the third decimal figure will be increased by one.

multiplied by the total number of AMCOS Works on the Recording and then rounding that figure up to the next half cent;

multiplied by the number of Records manufactured; and

apply GST at 15% as appropriate; or

- (b) 5.0 cents for each AMCOS Work on the Recording and then rounding that figure up to the next half cent;

multiplied by the number of Records manufactured; and

- 6.5 For the purpose of determining the AMCOS Royalty, the Total Manufactured Quantity is the actual manufactured quantity and must not be reduced by the number of Records used for promotional purposes or that remain unsold.
- 6.6 If in any calculation of the Royalty in respect of a particular Work, when taken to third decimal place of a cent, there is still part of the Royalty remaining, then the third decimal place shall be increased by one.
- 6.7 If AMCOS reasonably believes that the RSP is not indicative of the market value of the Recording, or that it is otherwise reasonable to do so, AMCOS may determine a notional RSP for the purpose of calculating the AMCOS Royalty under this clause 6.

7. Interest

You must pay to AMCOS interest at the Agreed Rate on each amount outstanding under this agreement.

B. How many tracks are there on the Recording?	14	
C. What is the total manufactured quantity you entered in section 1?	200

E. Royalty* x number of AMCOS controlled tracks (B - C) x number being manufactured (D) = estimate of cost	$(0.08 \times 14) \times 200 = \224.00	
Estimated cost:	\$224.00 + GST	

*As per clause 6.2 of the licence, if the royalty rate is less than 0.05 then the rate is calculated on 5c per track unit
