Licensing enquiries medialicensing@apra.co.nz www.apraamcos.co.nz

As a songwriter you are able to claim a percentage of your work whether its a co-write or composed by you alone. The mechanical right is generated from the reproduction of your work and, just as a performance royalty is payable when your work is performed in public, a mechanical royalty is payable every time your work is reproduced onto CD, DVD, Vinyl, Digital Download etc.

APRA AMCOS issues a licence to the owner of the recording (e.g. recording artist or Label) for all mechanical royalties generated on behalf of our members.

If you are an AMCOS member, APRA AMCOS will collect royalties on your behalf whenever your song is identified on a release. If however, you have reached an agreement with the label to receive royalties directly we will honour this by setting your shares to direct pay for this release. Please complete this form confirming your arrangement.
